

Educational Consultants  
keep partnering with  
Summit because they  
know we care.

More information inside.

Focused on you.  
Focused on your families.

**Committed to YOUR students' success.**

My experience with Summit has been excellent. Their goal is not only to help students maximize their scores. They are sensitive to the pressure students feel and do their best to minimize the stress. As a result, students feel encouraged, gain confidence, and believe in their ability to do well.

Jane Klemmer  
Klemmer Educational Consulting  
Briarcliff Manor, NY

## Our Approach and Philosophy

For over 30 years, Summit has been a trusted 1-1 test preparation and academic tutoring resource for schools, families, and educational consultants.

**Our goal is to help students reach their full academic potential while reducing their anxiety and building their confidence.**

### Standardized Testing

We believe in a sane and sensible approach to standardized testing that emphasizes the student's overall well-being, prioritizes school work, and places the tests in their proper context.

### Academic Tutoring

We believe in meeting the students where they are and designing a 1-1 tutoring program that will help them excel in the classroom.

### We are committed to:

- the success of all of our students.
- finding the best student-tutor match.
- customizing the optimal program, creating a tutoring plan that works, and helping students reach their true potential.
- YOU! And we value your trust.

Our passion is reflected in what we do. That's why over 85% of our families are referred by educational consultants, school counselors, and friends.

### QUESTIONS?

Call Whitney Longworth  
Director of Business Development:  
(203) 716-6370

### Why Summit?

#### Reputation

Our methodical approach and solid curriculum minimizes stress and anxiety

#### Service

Our customer service revolves around personalized attention

#### Expertise

We are industry leaders with over 30 years of experience

#### Integrity

We always do what's best for our students and their families

#### Relationships

We are friendly, communicative professionals who care deeply about our students

#### Results

Our proven process builds confidence and improves test scores

I love Summit! Everyone is friendly, warm, communicative, responsive, and professional. I know that my families will receive excellent results from their Summit experience.

Audrey Ludemann  
The Bertram Group  
Westport, CT

## ONE-ON-ONE TEST PREP

Summit's customized, one-on-one, in-home and online tutoring prepares students for the SAT, ACT, PSAT, SSAT, ISEE, and AP exams. Families choose us for our expertise, reputation, and results. **Pages 6-9 outline our proven process for how we work with families.**

## ONE-ON-ONE ACADEMIC PREPARATION

In addition to test prep, Summit offers one-on-one, in-person and online tutoring that prepares students to excel academically.

### Academic Subject Tutoring

Summit's highly qualified tutors can help students who want targeted support with a specific subject. We provide tutoring in most subjects, **including English, math, science, history, and languages.**

### Advanced 1-1 Math & Writing Courses

Summit's Peak Academic Courses are advanced, 1-1 math and writing programs designed to accelerate a student's math and writing development for students in grades 4-10. Students who complete these programs will be well prepared to excel in the honors, accelerated, and AP courses that lie ahead. The **Peak Analytical Writing** course teaches students the art of analytical writing, the most frequent and often most challenging form of writing students encounter in high school and college. In our **Peak Math** courses, students learn math at a deeper and more rigorous level, strengthening problem-solving ability, improving content mastery, and bolstering confidence.

### Academic Manager

Summit's Academic Managers help students stay engaged with and on top of their schoolwork. They help **ensure that homework is completed on time and successfully**, and that students are learning and not falling behind. They'll collaborate with students to create work plans and hold them accountable while helping to improve organizational and study skills.

1 on 1

Summit provides one-on-one test preparation and academic support for students in grades 4 through 12, both in-home and online.

## Your Expert Resource

**Whenever there are changes to the tests, we keep you informed.** Our team of content experts and thought leaders constantly stay updated on the standardized testing landscape and share their findings. Every year, we attend and present at national conferences, including IECA, HECA, NACAC, NEACAC, NYSACAC, the College Board Forum, EMA, and SBSA.

We communicate timely information to you through our monthly newsletter, blog posts, and email. You have access to our monthly webinar series, designed exclusively for counselors and consultants, to discuss current standardized testing topics.

We publish an annual **College Admission Testing Guide** that contains over 90 pages of invaluable college admission testing information. Our **Independent School Admission Testing Guide** is a one-of-a-kind secondary school placement resource.

We also host regional receptions for counselors and consultants centered on recent industry trends.

You can always rely on us whenever you have any questions, whether about the testing landscape or your student's progress.

**Our team of content experts and thought leaders constantly stay updated on the standardized testing landscape and share their findings.**

Whether it be by offering a webinar on the changing trends in standardized testing, or hosting a luncheon featuring a renowned expert in the field of adolescent development, Summit consistently provides educational opportunities that are on point and geared toward helping counselors best serve today's students.

Mindy Mitchell  
Campus Bound, Hingham, MA

Each year, at the HECA annual conference, Summit is invited to present and exhibit. They are highly regarded, not only in New England but on a national platform.

Cheri Barad  
Barad Educational Consulting & HECA President  
Offices in Greater Boston and Kansas City areas

## Proven Process

Personalized Process. Personalized Relationships.

## OUR PROVEN PROCESS

Preparing for standardized tests can seem overwhelming. We simplify it. Our 5-step Proven Process gives students the confidence and academic **SKILLS THEY NEED** to succeed on Test Day.

### Our Program Directors

**Summit's Program Directors are families' personal test preparation advisors.** They serve as a single point of contact for your families and guide them through the standardized test prep process from start to finish and are always available to you.

Our Program Directors are in regular contact with the families and closely monitor programs to ensure that the tutoring stays on track to achieve student success.

### Initial Diagnostic Test & Individualized Testing Plan

Our program begins with an initial, free, practice test so students get familiar with the test and have a baseline score. We use officially released practice tests to give your students accurate scaled scoring to benchmark progress along the way. The Program Director, together with your family, will craft a customized and sensible testing plan — a plan that addresses which tests to take and when to take them. They also will recommend the number of tutoring sessions, taking into account the student's strengths, areas in need of improvement, and learning style, as well as the student's timeline, schedule, and desired scores. **Educational consultants can review their student's diagnostic score reports to use in the larger context of the student's targeted admissions plan.**

While every program varies slightly to cater to the individual student, our average program lengths are 12 to 15 sessions. Sessions are typically 90 minutes once a week with homework assigned in between. Everything is customized to be as flexible as possible in serving our students. There are no minimum or maximum number of sessions.

Summit offers no-charge practice tests, so we can begin to formulate a baseline of data from which to make improvements. Summit is willing to analyze student performance on both trial and actual tests repeatedly so we can continually construct our target areas and goals.

Marcia Moor  
Moor Education  
Wellesley, MA

Everything is customized to be as flexible as possible in serving our students.

## Proven Process

The students I have referred to Summit have been paired up with tutors who suit their personalities and learning styles — it's clear to me that Summit puts a lot of time and care into making that match. They have seen increased test scores and improved self-confidence in their test-taking abilities.

Alison Matlack  
Matlack Educational Consulting  
Needham, MA

## Tutor Matching

After completing a thorough intake to learn about the student's personality, learning style, and goals, the Program Director matches the student to the tutor who will be the best fit. **A strong tutor — and the right tutor — are essential to a successful tutoring program.**

### Our Tutors

Our tutors are highly qualified (minimum of a bachelor's degree and a score in the 95th percentile or higher on the SAT or ACT) and receive **best-in-class training** throughout their careers with Summit.

Beyond their credentials, our tutors are passionate. They know how to engage, motivate, and build student confidence while maximizing their scores. They are invested in their students' success.

### Our Training

Our Tutor Services Department works full-time managing and supporting our tutors, as well as providing them with ongoing training and professional development. Tutors attend 30-plus hours of initial training. We also have tutors who offer additional expertise in AP tutoring and academic subjects.

### Our Curriculum

Summit's proprietary course books are based on the extensive expertise from our full-time curriculum team. Our course book content blends core academic skill building with proven test prep strategy — all in an easy to understand format. Our books are designed specifically to be taught in a **one-on-one** setting and allow our tutors to customize each and every session to cater to the needs of the individual student.

We understand the unique considerations for helping younger students with standardized testing. That's why we have a dedicated tutor pool — and our own specific curriculum — for the SSAT and ISEE. These tutors are warm, caring, and understand how to work with a younger age group.

We love success stories, and we stay with families until they have one to tell.

## Private In-Home and Online Tutoring

**Whether your students choose in-home or online tutoring, your families will receive the same great Summit services and results.** We believe one-on-one tutoring is the best way to directly and effectively teach students.

In-home tutoring services are currently available in various regions throughout New England and New York. Your student's test prep takes place in their homes, on their schedules.

If in-home tutoring is not available in your area or your student needs even more convenience and flexibility, our online tutoring through the Zoom platform offers the same curriculum and tutoring as our in-home option. Online students can work through problems with their tutor as they interact and collaborate through a shared whiteboard. It's live, dynamic, and as productive as in-person sessions. And it's available at times most convenient for your student.

## Practice Tests

**Practice tests are a crucial component of a successful test prep program.** Our tutoring programs consist of a combination of practice tests, content review and strategy.

Proctored diagnostic testing is available in-person at several locations within New England and New York, or scheduled remotely with a live proctor, and always available 24/7 on demand by a video proctor. In addition, we offer practice tests on a digital platform for students looking to simulate an online testing experience. Tests are scored quickly and students keep their test booklets so they can review individual questions. Score reports are comprehensive and downloadable for ease of sharing.

## Goal Achievement

**Our goal is having students head into the test prepared and with the confidence to achieve their score potential.** When you work with Summit, you'll see why educational consultants have been turning to us for 30-plus years to help their students maximize their performance.

Summit has been my go-to resource for both independent school and college testing prep for my families. They have gone above and beyond with their flexible online tutoring for my remote families, even navigating tricky time zone differences for several of my international clients. I am confident that my clients who are local in New England and abroad always receive the same level of quality when they work with Summit.

Brian Hetzel  
Hetzel Educational Consulting  
West Hartford, CT

Our school partners continue to be highly satisfied with our programming, and we have above a 90% retention rate.

## Our Partnerships

We are an expert resource trusted by both public and independent schools. Our school partners look to us to provide presentations for their families and students, trainings for their staff, classroom test prep programs, and practice tests.
